

George Allen Is Made President Of Pulaski District

Other Officers Named At Meeting Of Pulaski District Sunday Schools

George Allen was elected president of the Pulaski District Sunday Schools at the thirty-fourth annual convention held Friday in the New Bedford United Presbyterian church. Other officers named were: Vice President, J. L. Redden; Secretary, Mrs. J. L. Redden; Treasurer, J. L. Redden; Chaplain, Secretary of Temperance, Mrs. Mary May Walker; Home Department, Mrs. Charles Moorehouse; Adult Bible class, Mrs. Roy McBride; Teacher training, Rev. Henry G. Wingerd; Pastor, Rev. A. G. Montgomerie; Joint training, Mrs. A. M. Clark; Mission, Mrs. W. W. Wilson; Young People's division, C. L. Carlisle.

The three sessions of the day were marked by fine uplifting talks relative to the work of the Sunday School. The principal address of the morning was given by Mrs. S. B. Copeland of this city who spoke on "Teacher of the Adult Division". During the afternoon addresses were given by Rev. C. B. Wingerd, pastor of the Pulaski M. E. church and Rev. S. B. Copeland, pastor of the Third U. P. church of this city. The officers were installed by Robert M. Strickler, Jr., president of the Lawrence County Sabbath School Association.

Dr. C. B. Wingerd, pastor of the Central Presbyterian church of this city was the principal speaker of the evening. Music by the convention church was a special feature of the day's program. The delegates were entertained at dinner and supper by the entertaining church. The next meeting of the district will take place in the New Bedford Presbyterian church in 1930.

street department crew of Councilman Reeves and Commissioner Moore. With this kind of co-operation Pa Newc and the street department will get the streets in good shape in due course of time—Pa Newc finds the depressions and the street department men fix 'em up.

Next Thursday is the fourth of July and this is one of the days of the year when even home should fly a flag, when the city flags should be out, and all flag poles should be mounted with the stars and stripes. And by the way, if you do not know how to fly the flag correctly, the government regulations can be found posted in the lobby of the New Castle postoffice.

New Castle has banned fireworks inside the city this Fourth of July season. The action was taken as a safety first measure. Parents of children in New Castle should co-operate in this move.

There will probably be a great rush to fill up gas tanks today and tomorrow. The additional one cent gas tax becomes effective on Monday.

Tomorrow will be observed in some of the New Castle churches as Loyalty day, when support will be urged for President Hoover in his law enforcement efforts.

New Castle city council should not procrastinate in the matter of pushing the issue with the state department as to the method of payment for improvements here. There is nothing to be gained by delay. The citizens are entitled to improvements, and the mere fact that there is a controversy over the method of payment is no reason for a do nothing policy at city hall. Carry the issue to a conclusion and see what plan can be adopted to continue improvements here.

With the completion of the tennis courts on Boyles' field, it would be a good idea to arrange a number of tournaments under the supervision of the city playground authorities for the latter part of the summer. Select a few city champions.

Tons and tons of gravel, and several carloads of cement are being received at the site of the new bridge over the Ellwood City-New Castle road near Cascade Park. In addition to putting in a new bridge over

the B. R. and P. railroad, the road will be considerably widened, it is stated. A great amount of concrete will be needed for the bridge abutments, as the road at this point is almost fifty feet above the level of the railroad.

Yesterday was the coolest day of the summer, when the maximum temperature only reached 79 degrees. Of course summer has only been with us for a week.

Forpus Knowles, custodian of the Legion Home, is at a loss to understand why woodpeckers insist on hammering away on the roof of the home shortly after the sun gets up in the morning, but there is one persistent fellow who has been hanging around the place for the last week, who awakens him as regularly as an alarm clock. The law does not permit shooting woodpeckers, but "Porgie" arises with murder in his heart almost every morning lately.

For clear routes in and out of the city there are four highways open, Wampum, Youngstown, Harlansburg, and Butler roads. The New Wilmington and Ellwood City highways have detours. New Wilmington highway detour was closed again yesterday.

It had been expected that the municipal golf course would be open for play Monday but will not be ready for some time. Lack of rain recently coupled with heavy deluges in early spring have played a role in delaying the opening.

The city engineer made a survey of Dean park and it was anticipated that it might be available for baseball this year. Councilman Tyler favors another baseball field at the disposal site, also.

A citizen yesterday brought to council's attention a tieup in traffic during church hours at Pearson and East Washington streets. He said that the deadlock was something to take notice of and it is probable that the city police will handle traffic there Sunday.

Last night in Delaware avenue, near Hillcrest, a car was involved in an accident, was left unguarded. No red lights could be seen. If an accident did not occur last night it is due to good luck and not protection.

W. H. Weinschenk, local truck gardener, is cutting cabbage on his truck farm on the Savannah road, the first time in their many years in the business that this event has occurred this early in the year. Beets are also being pulled. The cabbage was set out during a warm spell early in the spring, and although the weather afterwards got very cold on several occasions, is failed to kill the plants, and an early harvest has resulted.

The regular Saturday night bath of West Siders will have to be completed before eight o'clock this evening, or else the operation will have to be postponed until Sunday, because of changes being made by the Water Company. They will relocate their line furnishing the West Side district tonight and the water in a part of the West Side district will be turned off at that time.

It is our belief that there is a law which reads that all trucks hauling poles or anything else that extends a considerable distance out past the rear of the machine must have danger flags tied on the farthest point. This morning we noticed one in the downtown traffic minus any such warning. The car immediately behind came quite close to striking the projection at one point.

Those who happened about the court house this morning appreciated the clear view that one could get of the west side of the city. To the south there was smoke issuing from the mills but directly to the west the air was free from any hazy effects.

'Tis almost the end of the post office year. Local authorities are making preparations to "take stock" so that their report can be hurried to the Washington office. The new year commences Monday July 1.

If enthusiasm and attendance are an indication that New Castle will get better lighting in the business zone the meeting Friday evening of the merchants and council certainly endorsed the proposition. It was the largest and most enthusiastic meeting of its kind that Pa Newc has ever attended.

And while in Mt. Jackson attending the Battery B reunion Pa Newc talked to a chap who has travelled extensively through the state, with all regard to other local schools the man said that the North Beaver Institute

had one of the finest buildings and without exception the finest grounds of any school in the state.

Mt. Jackson observed its annual Battery B reunion Friday. The little town was bedecked with flags and banners and the entire populace were at the visitors and veterans service throughout the entire day.

Volant, another enterprising bore in the county had her day on Friday. Despite the heavy rain which halted the speaking program the day was a success in every way and the committee were already planning another such field day for next year.

Mrs. I. Rose of Park avenue, reported to Pa Newc that she had a red dahlia in bloom on June 24.

The frost of the early summer seems to be forgotten with the rush of crops, garden truck and flowers. It seems to the Newc family that more beautiful and more numerous flowers have not been seen in previous years.

OFFICIALS PROBE UNREQUITED LOVE DOUBLE TRAGEDY

(Continued From Page One)

Lane, near Van Eman, yesterday. A short distance away, in his automobile, was Farr, living despite the fact he had blown off part of his head with a revolver.

Tired Of Living. "I'm sick and tired of everything, and my trunk and everything are at Hotel Arlington, California, Pa. J. N. Farr," a message found in his coat pocket read.

The note was dated June 25, but officers were unable to guess whether or not Farr had planned the shooting or whether it had grown from a quarrel.

The "romance" between the two began five years ago when Farr was working as a coal and iron policeman at Cokesburg, Pa. The girl was twelve years old then and the young officer would wave his hand at her, and she would wave back.

But the little girl, for whom Farr was said to have formed an attachment, married Frank Johnson, a miner, and was a bride for six weeks. Then her husband was killed in a mine accident. Farr, who had gone to Westaburg, returned then.

WASHINGTON, Pa., June 29.—"Hearts never break. Grief never kills. Mine just aches. From loving you still—"

A pathetic snatch of verse, and a few entries in her diary today told Washington county authorities of the romance of a girl of the mines and a member of the coal and iron police.

The entries in the diary forced the tragic ending in "Lovers' Lane," near Van Eman Station, when John N. Farr shot to death Mrs. Edith Johnson, 17-year-old widow, and fatally injured himself.

The significant entries in the girl's diary were: "Started going with J. N. Farr June 2, 1924, Cokesburg Junction."

"Frank E. Johnson and Edith E. Michaels married in Uniontown, Pa., Monday, June 11, 1928."

"F. E. Johnson killed in mine, Jonas, Pa., July 27, 1928."

Then more notations about Farr, and finally, the bit of verse which became her own obituary.

More Firemen Will Leave On Vacations

Five more city firemen will leave on their annual vacations Monday, with the return of those who have been off duty during the past two weeks. Their vacation period will extend from July 1 to July 15.

Included in this group will be W. J. Scott and Norman C. Minner. Central station, Joe Zeigler of No. 8; Ira M. Rhodes of No. 3; and Raymond G. Clark of No. 7. Those returning from their vacations next week are: James W. Stockman and Perry McFarland of Central station; Roy Samuels, R. H. Blewitt, and Blaine Bumbaugh of the other stations.

HILDA DORCY IS STILL MISSING

At the police headquarters today it was stated that Hilda Dorcy, nineteen year old daughter of Mr. and Mrs. P. T. Dorcy of 312 North Beaver street, missing from her home since Tuesday evening, was still missing. Efforts to determine her present whereabouts have so far been without result, the police state.

CAPTAIN HAWKS ENDS FLIGHT TO COAST AND BACK

(Continued From Page One)

meager reports of his progress had placed him behind his schedule on the return trip.

When Hawks arrived, 800 persons were on the field, including his wife, who has flown 1,000 miles with him, making a westerly wind, he circled the hangar three times and apparently was making a good landing when the crowd rushed out toward him.

Either blinded by the flood light or else trying to avoid hitting the crowd, he swung the plane from the east side of the field toward the south side, overshoot the field and crashed clear through a gulvanized wire fence. The left wing top of the plane was damaged, but the flier was not hurt, and jumped out smiling.

He said he had generally excellent weather and good visibility practically all day, and only struck a little fog over Pennsylvania. He got weather reports easily by means of his radio throughout the trip, he said.

"SLIDING SCALE" IN SUGAR TARIFF APPEARS CERTAIN

(Continued From Page One)

In America, Speckles declared this "profit-fixing" feature was necessary to save the American beet sugar industry from duty-free Hawaiian and Philippine importations.

Proposes Good Scale. The California proposed a scale which would guarantee a six-cent-a-pound market to American beet sugar growers. He said this price level was necessary to the home industry, in which thousands of American farmers are engaged. His scale would force a seven-cent-a-pound price to the consumer.

The Speckles plan differed widely from that under consideration by Senator Reed Smoot (R) of Utah, chairman of the Finance committee. The Smoot plan, which has been submitted to President Hoover did not contain a fixed margin of profit for refiners. While the two plans tallied in ranging the Cuban duty from 51 per hundred pounds, when the price of raw sugar is high, to 240 per hundred pounds when the price is low, they differed in the application of these rates.

ed near Old Westbury, N. Y., yesterday. When she was being pulled out of the wreckage she called for "Bill" and she has been moaning his name at intervals since.

Miss Gentry and Ashcraft had been aloft over Roosevelt Field for more than nine hours in an attempt to set a new record for light planes when the crash occurred. She was injured internally. A blood transfusion was resorted to late yesterday and the crisis was expected to be reached today.

LADIES SERVE DINNER

A large number of ladies of the community assisted in the preparing and serving of the Battery B dinner which took place in the K. of P. hall Friday at noon and at which some 200 persons were present.

Those assisting were Mrs. W. O. Taylor, Mrs. John Robinson and Mrs. Ralph White, dinner committee; Mrs. Mame Woods, Mrs. Sam Laughlin, and Mrs. Will Douglas, dining room committee. Aids were Mrs. Al Weiler, Mrs. Mary Kennedy, Mrs. Sam Fullerton, Miss Mary Kelsa, Mrs. Howard Butler, Mrs. Cora Ferree, Mrs. John Douglas, Mrs. Peter Keane, Mrs. Myrtle Witherspoon, Mrs. Harlan Wilson, Mrs. Stella Shaw, Mrs. W. S. Caskey, Lucille Menor, Wola Caskey, Laura Douglas, Irene Metz and Margaret Lou Ken.

The coffee committee was composed of Fred Cowden, John Craig and Will Clark. Members of the Boy Scout under the direction of scout master William Caskey acted as a general utility committee at the Battery reunion Friday. The lads did good turns in the way of errands, carried chairs and assisted in every way possible.

DR. CHARLES JORDAN IN CITY SATURDAY

Dr. Charles G. Jordan, Pennsylvania State secretary of agriculture and resident of Lawrence county, was in the city today calling on his friends, enroute back to Harrisburg, after spending Friday at the Volant cattle show.

Deaths of the Day

Time of Funeral. Funeral services for the late Mrs. Emma C. Coktor, widow of William Coktor, will be held Monday July 1 at 2:30 p. m. D. S. T. from the residence 834 Beckford street with Dr. C. B. Wingerd of the Central Presbyterian church in charge. Burial will be made in Herman cemetery.

The change of time is made on account of a number of relatives not being able to reach the city for the time of the funeral first planned.

George H. Williams. George H. Williams, aged 62 years of 214 East street, died Friday evening at 10 o'clock at the home of his daughter, Mrs. Ed H. Smith of 420 West Boston avenue, Youngstown, O. after an illness of complications.

Mr. Williams was born in New Castle, January 5, 1867, a son of Samuel and Amelia Williams. He had lived in this city all his life. For a number of years he worked as a glass blower. His later years were spent as a store keeper at the Carnegie Steel company. He was a member of the Croton Avenue M. E. church and the Moose lodge, being a past dictator. He held a life membership in this lodge.

Mr. Williams is survived by one son, G. Earl Williams of East street, this city and one daughter, Mrs. Ed H. Smith of Youngstown. He also leaves one brother, Samuel Williams of Torrence, Cal., and a sister, Mrs. Delia Olinian of this city and two grand children.

Funeral services will be held Monday, July 1 at 2 p. m. from the home of his son on 214 East street in charge of Rev. C. C. Mohney of the Croton Avenue M. E. church and Rev. Claude Downs of the Savannah M. E. church. Burial will be made in Oak Park cemetery.

Harold D. "Three-Gun" Wilson Takes Up Post As Assistant Administrator

(International News Service) PITTSBURGH, June 29.—Harold D. "Three Gun" Wilson, formerly prohibition director of Massachusetts, today took up his duties here as assistant prohibition administrator in charge of enforcement.

Joseph A. Payne, who resigned the position several months ago and was assigned to the New York area as special investigator, was Wilson's predecessor.

Wilson was removed from the state directorship of prohibition enforcement in the New England state "because of temperamental unfitness." The title "Three Gun" was assigned to Wilson during his tenure in Massachusetts, when he kept two revolvers in holsters on the walls of his office and another lying on his desk.

STAR LOMB
HOW ASTRONOMERS REGARD ASTROLOGY
By Arthur DeV. Carpenter
Astrology, or the study of the influence of the stars and planets on human destinies, constituted the chief interest of mankind in the stellar universe for countless centuries previous to the birth of astronomy. It was believed that the destiny of nations and the life history of individuals was determined by the motions of the heavenly bodies. Astrological science today gives no place of recognition to the claims of astrology. The attitude of astronomers is expressed by Russell, Dugan and Stewart, in their distinguished recent work on astronomy, thus: "It is remarkable how persistent a hold this baseless delusion still retains upon the ignorant." Cathedral Fund Is Placed Over \$200,000 Mark

Bessemer Zone Is First To Reach Quota In Refinancing Drive, Report Shows

RENEWED INTEREST SHOWN BY WORKERS

With renewed interest being shown by the workers in the 32 zones contributing to the Refinancing of the New Castle Cathedral, the total was pushed over the \$200,000 mark when reports were submitted at the dinner meeting in the Cathedral last evening.

The latest report submitted to the team captains and workers last evening showed that the sum of \$104,999 had been contributed by the various zones outside the city, while the report of the New Castle team captains brought their total to \$102,500, the entire fund now being \$207,500.

Bessemer was announced as the first zone to reach its campaign quota, and the report showing this fact, was greeted with cheers by the workers assembled last evening. Its importance is shown by the fact that should the other districts outside the city reach their quota, the fund from all sources outside New Castle will stand at \$675,000.

It is evident that from the progress of the campaign during the past week, \$200,000 may be expected in the reports during the coming few weeks. An analysis of the progress being made by the teams in New Castle shows increasing support and understanding of the refinancing campaign, and an increased team force will report for duty during the remainder of the campaign.

Speakers last evening were William H. Dunlap, commander in chief of the New Castle Consistory; Howard B. Richards and Murrow D. Wells, with C. W. Herman Hess, colonel of the First Regiment presiding.

BRITISH SHIP RESCUES FLIERS ADRIFT AT SEA

(Continued From Page One)

were safe and apparently in good physical condition.

Send Word Of Rescue

Word of the rescue was immediately relayed by the Eagle Gibraltar and then to the admiralty here.

Major Franco and his companions, Captains Gallarza and Ruiz De Alda and Pedro Madruga, a mechanic, took off from Los Alcazares, Cartagena, Spain, at 5 p. m. a week ago Friday. They expected to reach the Azores the following morning, but were not seen or heard from after being reported sighted over Tarifa in the Straits of Gibraltar a few hours after the start.

When a day overdue at the Azores, where the airman planned a refueling stop before proceeding to New York, search was begun for the airman. Portuguese, Spanish and English warships in the vicinity participated in the search, and for a week an unceasing patrol was made of the steamer lane between Spain and the Azores for some trace of the airman.

Hope Almost Abandoned

Their safe discovery comes just when all hope had been abandoned for the recovery.

Under ordinary conditions, hope would have been abandoned long ago, but the plane in which the fliers was being made was an exceptionally heavy and substantial craft, well equipped to ride the seas for an unlimited period except in heavy storms.

The brief laconic message received from the Master H. M. S. Eagle this morning telling of the fliers' rescue read as follows:

"Numancia found latitude 36.28

North, longitude 26.14 west. Aircraft is being hoisted on Eagle. Little damage. Crew all well."

The spot designated in the Eagle's wireless message is about 100 miles southeast of Horta, on the Island of Azores, where the fliers were supposed to be refueling and awaiting further orders, continuing the flight to New York.

Miracle of Sea

The rescue is a miracle of the sea, and recalls that of Captain Harry Barker and Robert Orville, British aviators who attempted a trans-Atlantic flight soon after the war and were aided by a stormship after a week of drifting out of touch with the world and given up for lost.

Also in this category falls the rescue of Ruth Elder, the daring trans-Atlantic aviator, who with a man companion was picked up near the Azores by the Dutch freighter Bar-entrecht. But in this case, the position of Miss Elder's plane had been given by wireless before the forced descent on the ocean was made.

In this case, however, no direct word had been received from Major Franco, although his plane was equipped with wireless since soon after the take-off from the Los Alcazares field. It is not yet known what trouble beset Major Franco's radio, but it is understood it worked all right when the plane was in flight, and that the airman did not have time to send out a message of distress before his plane made a landing on the waves.

Aviators Taken Abroad

The Master of E. M. S. Eagle notified the Admiralty that the four aviators had been taken aboard the aircraft carrier and were being taken to Gibraltar, where the giant vessel was bound when orders were received from the British Admiralty to participate in the search for the Spanish plane.

According to word received by the Admiralty, the Eagle is proceeding to Gibraltar at a normal speed of fifteen knots, and she is not expected to reach Gibraltar until Wednesday.

The Numancia is learned, is virtually undamaged. The fliers apparently made an easy descent upon the waters, and the great plane remained intact despite buffeting by the waves during the week it floated aimlessly upon the sea.

Spain Rejoices

Madrid, June 28.—Scenes of riotous joy were enacted here today when announcement was made by the foreign office of the Spanish government that Major Ramon Franco and his three companions in the trans-Atlantic Hydroplane Numancia had been rescued at sea by the British aircraft carrier Eagle.

An official communique telling of the rescue was issued by the foreign office a few hours after the rescue had been effected. Notices were posted on newspaper bulletin boards and other public places, and the populace went crazy with joy and relief.

Major Franco, as much a hero to the Spaniards as Col. Charles A. Lindbergh is to America, had been given up for lost after days of anxious waiting when like a bolt from the blue came word that he and his intrepid companions had been miraculously saved.

Perfectly Well

MADRID, June 28.—"We are perfectly well. Best regards." This message, hurrying through the ether from the North Atlantic, was received by International News Service here today from Major Ramon Franco, famous Spanish aviator who with three companions was rescued off the Azores early today after being missing a week.

Major Franco's message was sent in response to a wireless query sent him aboard the British aircraft carrier H. M. S. Eagle, which picked up the fliers at a time when all hope had been abandoned.

It was the first direct word received from the daring flier since a wireless message came from his plane a few hours after the flight started from Cartagena, Spain, a week ago Friday.

Failed To Comply With Court Order

Orville B. Crum was brought into county court on a process this morning for failing to pay his \$5 per week, as ordered by court. Crum claimed that he had been out of work.

District Attorney J. Elder Bryan stated that from information he had received Crum had not shown himself very keen for work. He had paid \$5 since the order was made. There is due \$63.75 in connection with the birth of a child and \$40 on account of the order.

Crum was directed to pay \$20 at once, the balance within a reasonable time and keep up his payments of \$5 per week for the maintenance of his child.

Capone Loses In Appeal To Court Regarding Error

Judge John Walsh Rules That No Error Was Made In Jailing Of Capone

MAY NOW APPEAL TO STATE COURT

(International News Service)

PHILADELPHIA, June 29.—Judge John Walsh refused to grant a writ of error for "Searfaced Al" Capone today. The court ruled no errors had been made in his arrest, trial and sentence to one year in jail for carrying concealed deadly weapons.

The only recourse left the Chicago racketeer is an appeal to the state supreme court. His counsel, Congressman M. Golder is expected to file the appeal at an early date.

The ruling was handed down after Judge Walsh, the jurist who sentenced Capone, had listened to arguments by Golder and the assistant district attorneys who opposed them. Capone was not in court, a packed courtroom, however, heard the arguments.

Number Of Mishaps Are Reported To Police By Drivers

William E. Howard of Mahoningtown R. D. 8 reported that while driving a truck of Claire McQuinn of Wampum west on Grant street and was about to make a right hand turn into College street, as a car bearing Pennsylvania License 776-813 had been parked in front of Hitchcock's market pulled out from the curb. Howard made a quick stop to avoid hitting this machine and a car driven by Carl Wallace in the rear of his machine, crashed into the rear of the truck, damaging the Wallace car to some extent.

F. S. Young, 233 Walnut street, reported that as he was crossing Mill street west on North street, his machine was in a collision with a car bearing Pennsylvania License 551-162 which was going in the same direction. Some damage was done.

Tony Champ of New Castle, R. D. No. 7, reported that he was enroute south on Moravia street near the end of the viaduct as he pulled past a machine going in the same direction. There was a street car going south on Moravia street at the same time and place and as there was not room enough for him to go between the street car and the other machine, his machine hit and damaged the other automobile.

Survey Facilities For State Police Reporting System

Police Stations All Over State To Be Linked By Telegraph Tickers Soon

S. R. Cury of the Division Plant, office of the Bell Telephone company in Pittsburgh, was in New Castle yesterday, making a preliminary survey of facilities at the New Castle police station, for the state-wide ticker system, authorized by the last session of the state legislature, whereby police stations all over the state will be linked up with State police headquarters at Wyoming, by a telegraph reporting system.

This system is to be installed and placed in working order in the near future, and will enable police authorities all over the state, to communicate immediately, information in regard to crime and a description of criminals being sought in connection with major crimes.

Four stations will be established, from whence reports will be broadcast over this telegraph ticker system. New Castle will be on the link out of Pittsburgh. Other centers will be located at Harrisburg, Philadelphia and Wyoming.

As soon as a crime has been committed anywhere in the state, the fact will be communicated to the nearest center, from whence the report will be immediately broadcasted and a drag-net sent for the apprehension of the criminals.

Five Applications For School Places

Superintendent Syling May Yet Secure Several Local Teachers For Positions

County Superintendent of Schools John C. Syling reports that after the publication of the fact that there are 14 vacancies in country schools in The News yesterday, he received five applications.

"It may be said," Superintendent Syling stated, "that we will be able to secure several teachers who are residents of the county."

One of the applicants who applied is a graduate of Shippory Rock State Normal school and has had three years' experience. At the close of school last year he secured a position as a change back at teaching.

As a result, why it is so hard to secure teachers for the vacancies, Superintendent Syling stated that it is on account of the higher standard required. Several years ago high school graduates were employed as teachers. Now it is necessary that a high school graduate have at least two years of training in a teachers' college as a qualification. All teachers are now required to be issued by the state department of public instruction.

HUNDREDS ATTEND BATTERY REUNION AT MOUNT JACKSON

(Continued From Page One)

Marched to the Battery B monument at the edge of the village, an impressive ceremonies took place.

Program At Mount Jackson

Ralph Campbell, past commander of the Sons of Union Veterans took charge. There were a number of patriotic selections by the orchestra, invocation by Rev. Robert Hamill of the Mt. Jackson U. P. church, and Rev. George Neill, World War veteran and pastor of the Bethel U. P. church spoke briefly and placed a wreath on the monument as a token from the soldiers of the late war.

A firing squad from the Watt Post of the American Legion and Sons of Veterans fired salutes and taps followed by William McCullough. Howard Kennedy gave the answering taps.

The ceremonies were brief but impressive. The veterans were taken in cars to the auditorium of the Mt. Jackson high school where the formal program began. This meeting was also in charge of Ralph Campbell, Civil War veterans and a number of World War veterans who hope to carry on the reunions for the old veterans, occupied places on the stage.

Program At Mount Jackson

Following the opening song by the assembly, "America," the invocation was given by Rev. Ross Haverfield. Included on the program was a vocal solo by Frances Fullerton, reading, Mary Lughlin, reading, Paul Gilmore and violin solo, Wallace Brewster. Community singing and music by the Mt. Jackson high school orchestra interspersed the program.

Rev. C. J. Williamson was introduced by the chairman as the principal speaker of the day. The speaker addressed the group of visitors and veterans on the patriotism of those in the Civil War and of the great unity that this conflict had brought about. United States law always, as these men have, taught that the right of righteousness in place of conquest," said Williamson. "It has fused the North and South into the strongest nation of the world. The speaker then reviewed the military history of the nation, pointing out the various causes which men had thought were right and for which they had given their blood.

Introduce Veterans

Following the address, David Neider was introduced to the audience, as was Wilson McCluskey, honorary member of the Battery. The benediction by Rev. George Neill followed.

Immediately after the formal meeting and singing of Civil War veterans and all others interested in making the annual reunion a permanent one convened for the purpose of organization.

A committee composed of James Kelso, J. A. Weller, Burleigh Clark and Norman McClelland were named to take up the matter with the War post of the American Legion at an early date and that a permanent organization should be formed.

Through these years, the Battery organization has been one of the community and as the number of veterans has diminished greatly within the past few years, it was thought that perhaps the descendants of Battery B and other Civil War veterans should carry on the program.

Included in the group of old veterans present were David Neider, Edgerton, D. M. Clark, Mt. Jackson; M. H. Alexander, New Castle; Wilson McCluskey, New Bedford; S. W. Davis, New Castle; Phillip Wagner, New Castle; Robert Wilson, New Castle; D. M. Thomas, D. M. Wilson, Wampum; C. B. Hamilton, New Castle; A. E. Kerr, New Castle; John A. Rodgers, Willow Grove; J. A. Moore, Plain Grove; Frank E. Cunningham, New Castle; A. R. Houston, New Castle; and John B. Caldwell of New Castle.

It is said that there is a member of the old battery, John Reed, living at San Diego, California, but none of those in charge had heard from him. George Pitzer, of this city, member of Battery B was unable to be present.

W. S. Caskey was general chairman of the reunion and Miss Leora Hanna was secretary-treasurer.

To Give Series Of Special Sermons

Rev. George M. Landis To Preach Four Sermons On Prophecy In First Baptist

A series of four sermons on Prophecy will be given at the First Baptist church beginning Sunday evening at 8 o'clock when the pastor Geo. M. Landis will speak on "Prophecy in Miniature." This message will give a bird's eye view of Bible prophecy.

Sunday evening July 7 the subject will be "Will the World Become Christian Before Christ Comes Again?" or "Christendom's Character, Prince, God and Final Destiny." In this message the subject will be considered as to whether the kingdoms of this world are now becoming the kingdoms of our Lord and of His Christ.

The third of the series will deal with the Lord's chosen people, Israel, under the caption "The Wandering Jew's Last Journey." Such will be considered as Is God through with the Jew? Will the Jews ever Acknowledge Jesus Christ as their Messiah? Is there any Scriptural significance in the Zionist movement? A special invitation is extended to all Hebrews to attend this service.

The final sermon of the series will be given on July 21 on the subject "The Signs of the Times, or Are There Any Indications That Christ's Second Coming May Be Near at Hand?"

The matter of whether we are to look for a converted world before Christ can come will be examined in the light of the Scriptures; also the much disputed question whether the world is getting better or worse.

Young Widow Found Victim Of Slaying, Companion Wounded

Mystery Surrounds Finding Of Girl Dead, And Companion Severely Wounded

International News Service. CANSBURG, Pa., June 29.—Killing of a young widow and shooting of an ex-convict companion policeman was discovered here Friday.

Alongside an auto near the Van Eman station a boy saw the bullet-gashed body of Mrs. Edith Johnson, 17. In the car was the slumped form of John N. Parr, 35, with a bullet wound in his head. A few feet from the car was a revolver.

There were six bullets in Mrs. Johnson's neck, reported in critical condition. Residents of the Van Eman district reported they heard several shots fired late Thursday night.

Beyond this, detectives learned little in their first investigations. Washington county authorities were extending all their efforts to solve the killing.

Parr was once a coal and iron policeman in the Vestaburg district.

Troop Will Bivouac At East Brook Range Tomorrow

Members Will Shoot Qualifying Round On Rifle Range

Troop F. 103rd cavalry, N. G. P., will bivouac at the rifle range near East Brook tonight and after spending the night in camp, will start firing the qualifying round on the rifle range tomorrow morning.

Assembling at the armory on Neshamock avenue they will leave for the range promptly at 5:30. A problem will be worked out enroute to the camp. Field equipment will be set up at the range and meals will be cooked in field style.

Commander Walter hopes to have as many men as possible qualified on the range before the troop leaves for the summer encampment at Mt. Gretna.

AMERICANISM. A passion for cleanliness that will not tolerate dirt anywhere except inside the head.

The TOWN DOCTOR

(The Doctor of Towns) Says:

GO SOME PLACE THIS YEAR At this time of year, there are several hundred thousand people throughout the length and breadth of the land who are thinking about vacation, and vacation, to most of them, means going some place.

This is the way it should be. This is the greatest nation in the world for "going places," and may such never cease.

To travel is to live. To sit sloth-like in one place is to see nothing, be nothing, feel nothing and next thing to knowing nothing. Travel is education. It is the most pleasant form of education known to man, for it "opens the heart and mind with pictures that never fade." Travel gives a character of experience to our knowledge, and brings the figures upon the tablet of memory into strong relief.

Get away from the surroundings with which you are so "contaminously familiar." Get away from the daily grind—go places, see things and learn by contact with those of a different climate. If you live South, go North. If your habits are East, go West. If you live on the plains, go look at an ocean. If you have never seen a mountain, go gaze at one, before you are any older. And in the going, see what there is to see. Study how towns do things—how others who make their living as you make yours, conduct their affairs. What you learn depends solely on your natural powers and gift of conception, but regardless, you can't be the loser for such a venture.

There are, in America, so many worthwhile places to go—places that every American should see and know about, that lack of a destination is no excuse. The National Capital, the National Parks, historical points, prominent in America's history—in every section of the United States, in your very own state, there are places to go.

But whatever you do, wherever you go, remember that you are an ambassador of the place where you live, and as such, "sell" it to all those with whom you come in contact. "Don't gush" about it, don't overdo it, don't lie about it—just sell it.

The Way OF THE World

BY GROVE PATTERSON

PUTTING PIPES ON THEIR FEET.

One pipe fitter told me that he had been a pipe fitter for twenty years, and that he had seen the world change a great deal in that time. He said that he had seen the world change from a place where the only way to get a job was to go to the office and ask the boss for a job, to a place where the only way to get a job was to go to the office and ask the boss for a job.

He said that he had seen the world change from a place where the only way to get a job was to go to the office and ask the boss for a job, to a place where the only way to get a job was to go to the office and ask the boss for a job.

He said that he had seen the world change from a place where the only way to get a job was to go to the office and ask the boss for a job, to a place where the only way to get a job was to go to the office and ask the boss for a job.

He said that he had seen the world change from a place where the only way to get a job was to go to the office and ask the boss for a job, to a place where the only way to get a job was to go to the office and ask the boss for a job.

How to Live Forever

Come unto me, all ye that labor and are heavy laden, and I will give you rest. Matthew 11:28-30. Christ's gracious invitation, "If any man thirst, let him come unto me, and drink." "Suffer the little children to come unto me." The message is not "do," but "come." It is not "reform," but "come." It is not "improve," but "come." Come and eat—come and drink—His love is free; have faith, believe; freedom from the slavery of sin. Sanctified by the word. Perfect obedience. Work of the Holy Spirit. Holiness to the Lord. God requires a complete surrender. Castle Hill Mission Bible House, Vine and Harding streets, old brick building, East Croton section, New Castle, Pa. Bell Telephone 3023. We help deserving poor people find employment. Food, clothing, lodging, free bath and laundry. Bibles in large quantities, practically every Sunday afternoon 3 o'clock. All seats free. No collection. Former Lawrence County Girl

Case Has Attracted National
Interest; Husband

His Wife

(International News Service)
YOUNGSTOWN, Ohio, June 29.—Judge David Jenkins, in common pleas court today sentenced Mrs. Ruth M. Livermore, convicted of burglary, to not less than six nor more than 30 years imprisonment.

She was found guilty by a jury of burglarizing the home of John N. Mitchell here April 26, 1928. Mrs. Livermore had protested her innocence, claiming that she accompanied her husband to the Mitchell home but sat outside in a car while he entered the residence.

Mrs. Livermore was taken to a Pittsburgh orphanage at the age of two. She later was adopted by Mr. and Mrs. Frank Swisher, of Enon Valley, Pa.

When Ruth was 14 her home with the Swishers was broken up. Swisher's body was found one morning in the barn, dangling from a beam. Determined to have an education, the girl finally qualified for a teacher's certificate and taught at Hillsville, Pa., for eight months.

Met Livermore Here.
Desire for additional education sent her to New Castle, Pa., where she found employment and where later she met Lester Livermore who was to become her common law husband. Livermore was a taxicab driver.

Her case attracted nation-wide attention because many persons accepted as true her story that she pleaded guilty to burglary in October, 1928, only because she had been told that by saving the county the cost of a trial she would escape with a light sentence.

Because the burglary was committed after night the maximum penalty was life imprisonment and that was the sentence imposed by Common Pleas Judge George Gessner last October. Livermore also pleaded guilty and received a similar sentence in the state penitentiary.

It was then that Attorney Ben Sacharow, Cleveland, entered the case.

in the girl's behalf. His motion for a trial by jury was overruled in Mahoning county common pleas court, but the Seventh Ohio District Appellate Court reversed the lower court and ordered the trial.

Mrs. Livermore asserted that she sat in a parked car while her husband broke into the residence of John N. Mitchell here on the night of April 26, 1928, and obtained loot valued in excess of \$7,000. They then drove to Pittsburgh, she testified at the trial, where they disposed of some of the loot.

Indictments face the Livermores in Pittsburgh, but according to the girls' counsel, authorities there had consented to defer prosecution if the former school teacher were freed here.

When the jury returned a verdict of guilty, with mercy recommended, late yesterday after deliberating for twenty-three hours, she burst into tears and was led from the courtroom by the sheriff's wife.

Bobby Jones Is Now Leading In National Open

Southern Youth Shoots Sensa-
tional Golf To Assume Lead
In National Tourney

(International News Service)
WINGED FOOT GOLF CLUB,
MANORNECK, N. Y., June 29.—Bobby Jones, greatest of all medalists, overcame wind and hazard and led man opposition to shoot a 35-50-71 this morning in the third round of the national open golf championship and take the lead over the field.

Two strokes back of Gene Sarazen and Al Espinosa at the start of the round, Jones caught and passed both shortly after the turn for home and finished the round three strokes beyond Sarazen and four ahead of Espinosa, both of whom found a rousing game too much for their control.

Sarazen had a 76 this morning; Espinosa a 77, after going out in 4 par 36. Tommy Armour also finished with a 76 for a 54-hole total of 221.

This left young Densmore Shute of Columbus, O., as the only competitor with a chance to top Jones at the end of the morning round. Shute, like Jones, sped to the turn in 35, one under par.

The drenching, dispiriting rain, which prompted Jones to take a 75 yesterday, was no more today, but in its place came a rowdy, blistering, unrelenting gale that turned good shots into bad and bad ones into something unprintable. It even got the great one himself at the outset, where he was two strokes over par for four holes, but after that he added putting wizardry to the master touch of his long game and par quickly yielded.

One under even fours to the 17th, Bobby discovered that he need a couple of birdies to crack 70 and equal his first round. However, par was his limit. At the 17th he didn't get into his drive and needed a fairly long second, which stopped 25 feet from the pin for a four. He might have put a birdie at the 18th, however, if fate hadn't decreed otherwise, his second rolling back off the green after getting home. However, he clipped dead in the typical Jones manner and took the four philosophically.

REV. GRAMBS TO
LEAVE ON VACATION
TRIP TO SCRANTON, PA.

Rev. George L. Grambs, rector of St. Luke's Episcopal church of this city, expects to leave next week for a vacation trip to Scranton, Pa., where he plans to remain during the month of July.

There will be no evening services in St. Andrews Church during the months of July and August. Rev. Philip C. Pearson of Trinity church will be in charge of the communion services during the absence of Rev. Grambs.

The ideal sea novel, apparently, is one that provides the salt necessary to take it with.

City 'Gas' Buyers Will Pay \$200 More Monday

Monday morning the extra penny goes on the present gas tax and Monday evening, the Commonwealth will have \$800 dollars from New Castle or \$200 more than the daily average under the 3 cent tax.

To a curious inquirer, the extra penny leads to a series of startling revelations concerning automobiles, accessories, gas, oil and all of those very necessary things for autos.

Now it is estimated that there are 14,000 cars in New Castle. Let us say there are anyhow. These cars are, on the average, using 500 gallons of gasoline each year.

Some use much more, some use very much less, but statisticians figure 500 gallons to each car. Now that totals up to 7,000,000 gallons and gives a little extra measure with the figure, we have rough estimate of 20,000 gallons per day.

Now 20,000 gallons with four cents tacked onto each gallon is bound to mean \$800. Talks with a number of men in the gasoline and automobile industry in the city indicate that this figure of \$800 or a \$200 increase is a very conservative one, and that the tax in this city alone will probably average an even greater amount.

During the past year, actual figures show that \$2,745,000 was expended by motorists for gas, oil and auto accessories. There were also \$4,500,000 worth of cars sold by dealers.

Gasoline sold in the year is worth about \$1,540,000 and if you take the estimate per car you will see that the figures are just about right.

Break open the John D. Hertz's for the next tax goes on Monday bright and early.

Three Musketeers Still On Flight

Trio In Air For 61 Hours
Early This Morn-
ing

(International News Service)
ROOSEVELT FIELD, N. Y., June 29.—Soaring about in the bright morning sunshine and giving no evidence of any intention of coming down, the "Three Musketeers," Martin Jensen, his wife, Marguerite, and William Uibrich, were attempting today to establish a new world's record for sustained flight. At 8:31:02 a. m. they had been in the air 61 hours.

Their monoplane was riding easily and all apparently was well. Shortly after seven o'clock Jensen dropped a note asking for fuel and "The Exclamation Mark," which is the refueling ship for the record seekers, was made ready to go up.

Uibrich, in radio messages to the field station, indicated his anxiety concerning the condition of his sweetheart, Miss Viola Gentry, who was injured in an airplane crash yesterday.

(International News Service)
MINNEAPOLIS, Minn., June 29.—Owen Haugland and Thunder Johnson had ground off their 158th hour in the air at noon today and it appeared certain that they would break the endurance record of 172 hours and 52 minutes.

Concern was felt for the fliers earlier in the morning when a note dropped by Johnson said they were afraid an oil leak was developing. Later came another message stating that the oil was working perfectly.

School Board Sells Bonds At Premium

Bessemer school board has sold \$32,000 worth of bonds to A. E. Leach and Company of Philadelphia, at a premium of \$350. The bonds bear 4 1/2 per cent interest. They are being issued to pay for an addition on the Bessemer high school building.

Three Farm Organization
Men Are First To
Be Named

LEGGE MAY BE NAMED CHAIRMAN

(International News Service)
WASHINGTON, June 29.—President Hoover plans to lean heavily upon the farm organizations and their leaders to "put over" the \$500,000,000 relief program.

A hint of this came some time ago when it became known the president had asked the farm cooperatives to submit lists of candidates for the eight \$12,000 a year positions on the new farm board. The hint has now become an actuality with the announcement of three of the members.

James C. Stone of Kentucky, Carl Williams of Oklahoma, and C. B. Denman of Missouri. All are farm organization men.

Stone is founder and president of the Burley Tobacco Growers Cooperative association, the most successful cooperative in the business; Denman is president of the National Livestock Growers association, and is a former president of the American Cotton Growers exchange, and is now vice chairman of the National Farmers Cooperative Marketing association.

No one has yet been designated as chairman. The chairmanship is understood to have been proffered to Alexander H. Legge, president of International Harvester Co., who is now considering it. If he is unable to accept, it is probably the stone will be asked to become chairman.

Toledo Gangster Shot And Killed

(International News Service)
TOLEDO, O., June 29.—Gangland war flared up anew in Toledo today and Albin "Dago Holly" Parlow, 47, alleged racketeer and hi-jacker, and former aid of Earle "Ike" Bricker, Toledo beer baron who was "put on the spot" less than a month ago, fell dead before a rival gangster's bullet.

The assassination of the well-known figure in the underworld here occurred at the Riverview Inn in the famous Bay Shore district.

Indications showed that the murder was well planned. Parlow was shot through the back of the head, while standing at a bar in the inn, by a bullet which had torn through a window.

Short Detour Will Soon Be Completed On Ellwood Route

Temporary Bridge Will Be Built Across Big Run Near Radiator Plant

Motorists traveling between New Castle and Ellwood City will have but a short detour to cover as soon as a temporary bridge can be laid across Big Run near the plant of the National Radiator Co. by the State Highway Department.

A temporary road has already been graded and work will be started at once on putting in the bridge. It is possible that the bridge will be in place by July Fourth, although the materials for the bridge had not been hauled to the location yesterday.

The detour will turn off along the road into the National Radiator plant, and after crossing Big Run, will follow the tracks of the Harmony line to the private road leading to the Hawk Battery plant, coming out at Wadding and Poley's garage.

Motorists traveling between this city and Ellwood City at the present time, must drive several miles out of their way because the short detour was not put in readiness before the bridge over the B. R. and P. railroad, which is to be replaced by a wider structure, was closed. However, it is hoped to have the temporary bridge finished in a few days, after which they will only have to detour several hundred yards.

To Give Program Of Sacred Music

Making Of Macaroni And Spaghetti One Of Best Industries

Pennsylvania Ranks Third In Nation In Manufacture Of Alimentary Pastes

WASHINGTON, D. C., June 29.—Pennsylvania ranks third in the country in the number of establishments that are engaged primarily in producing macaroni, spaghetti, and other alimentary pastes, the United States department of commerce reveals in the publication of the 1928 biennial census.

A total of 353 such establishments were operating throughout the country in 1927, with a total of \$5,070,936 in wages received by them during the year. The total value of products such as macaroni, spaghetti, vermicelli, noodles and the like from the 353 factories of the country amounted to \$45,353,260 in 1927, the census reveals.

Answer to Yesterday's Puzzle

PETER PUTS HIS TRUST IN PETER.
Spider stared so hard and so long at Peter that Peter grew nervous. He knew Spider was puzzled and why he felt like laughing. But he remembered his manners. And at last Spider spoke and this time less crossly.

"The boys I have seen have all been huge creatures who could crush out or lives in their fingers or with no effort at all—stamp upon us. But you—why you are no larger than I am! Are you quite sure that you really are a boy? Or perhaps you're only teasing me. Some now that's what you are up to isn't it? You really are some sort of an insect aren't you?"

"No sir, I am not," Peter answered to questions in one breath. And plucking up courage patted Spider on that fellow's fat back. "I'll tell you a secret. When I am right size I am as big as the boys you know. The reason I am little like you is because I love the wee folk of field and forest and never hurt nor harm them. Once I saved the life of an old oak tree and in gratitude that old tree gave me the magic power to become as small as I wanted to. But I can grow big just as quickly as I've a mind to."

"This was too much for the bewildered Spider. 'I don't believe you!' declared that insect flatly. 'Well maybe I'll show you!' laughed Peter. 'However I'd break your web if I tried it right now so I will wait until I have my foot on the ground. Meanwhile it is too pleasant sitting in the sun for me to be in a hurry to climb down the lacy ladder. Besides I would like to ask you a few questions. Mr. Spider would you mind you look very wise and I'll bet a cookie there are any number of things you could tell me!'

There was no more vain fellow in all Insect Land than this same Mr. Spider. At Peter's words he puffed up like a pouter pigeon. Then he winked his eight eyes at Peter.

"I am glad that you at least realize what a clever chap I am!" muttered Peter. "Not that I like to boast, but—Spider looked so self-important and his eyes bulged so queerly that again Peter had all he could do to keep from laughing in the insects' face. But Spider taking himself seriously went on:

"I just wish my dear wife could have heard you. You must be sure to tell her what you think of me when you meet her. I hate to admit it but I am afraid my wife is just a little stupid. She often remarks I know nothing at all. Poor little lady! She doesn't know a good husband when she has one. Oh I tell you married life is hard for a man when his wife doesn't appreciate him. If only I had known what a talker my wife was I

would never have married. Why my dear fellow she never lets me get a word in edgeways."

Government Takes Up Consideration Of French Debt

Whether Or Not Time Will Be Extended In Debt Payment Is Not Known

WASHINGTON, June 29.—France's request for more time in which to arrange for payment of the \$400,000,000 war supplies debt to the United States was before the government today for decision. Whether it is to be granted remains to be seen. Administration officials are sincerely desirous of granting France the extension asked, but it is a fine matter of legality as to whether it can be done without the express authorization of congress. And congress is not in session, and will not be before August 1, when the \$400,000,000 becomes due.

President Hoover is expected to request Attorney General Mitchell for a decision as to whether he can, by executive action alone, extend the due date beyond August 1. Upon that decision apparently depends whether France will win her point.

Congress authorized the postponement provided France ratified the Mellon-Berenger general debt agreement before August 1. But France wants the postponement any way.

Big Battle Looms Over Senate Seat In Massachusetts

Issue Will Determine Whether State Is To Be Reckoned Republican Or Democratic

WASHINGTON, D. C., June 29.—"The race for the Senate in Massachusetts is likely to determine whether for the next few years the old Bay State is to be reckoned a democratic or republican state," the Washington Star declares in a story written by a special political correspondent.

"The republicans still hold the majority of House delegation from the State. But the State went for Smith and re-elected Senator David I. Walsh last November," the Star asserts.

"Senator Gillett so far has made no announcement of his own plans. There has been some talk in some quarters of nominating former President Coolidge as the republican senatorial ticket. But Mr. Coolidge so far has given but the slightest indication he would consent to run for the senate."

"Former Governor Alvan T. Fuller, however, has indicated very clearly he is a receptive candidate and probably an active candidate for the nomination. Governor Fuller will give any democrat put up a great race and probably beat him."

Water Company To Change West Side Line During Night

Will Re-locate Main Furnishing Service To West Side Section Tonight

Due to a change in location of one of the main service lines, furnishing water to a section of the West Side district and Euclid avenue, because of the widening and resurfacing of the Wilmington road, water service in the affected territory will be shut off between 8 p. m. tonight and 4 a. m. Sunday morning.

A list of the streets affected will be found in an advertisement of the company in another section of the paper.

While the changes are being made, the water pressure in other sections of the West Side will be about 30 pounds less than normal in the district between Greenwood avenue and Lee avenue.

In the event of rain, the water company states that the operation will be postponed for 24 hours.

The 12-inch high pressure main running out Euclid avenue lies above the 12-inch and 20-inch mains down Wilmington and Euclid, and must be placed underneath these mains due to the resurfacing operations, being only a few feet beneath the surface of the road.

The work of cutting the main and placing it below the other two lines will be done during the night so as to interfere with service as little as possible.

New Castle Mother To Fight For Child

SANDUSKY, O., June 29.—Efforts to obtain custody of a two-year-old boy who she maintains is her own son, were begun here by Mrs. Claire W. Norris of New Castle, Pa., who filed suit against Robert and Grace Sharp of Sandusky. The Sharps said they had had custody of the child since he was 20 days old and that she would have to prove her son.

Mrs. Norris said she left the child with a sister while she was confined in a hospital at Cleveland more than a year and that the baby was given to the Sharps.

48—The Battle Of The Falkland Islands

DECEMBER 8, 1914, BRITISH LOOKOUTS NEAR THE PORT OF STANLEY IN THE FALKLAND ISLANDS SIGHTED ADMIRAL VON SPEE'S SQUADRON OF FIVE GERMAN CRUISERS STEAMING TOWARDS THE HARBOR. ELATED BY HIS VICTORY OVER THE BRITISH OFF CORONEL (NOV. 1, 1914), VON SPEE NOW PLANNED TO SEIZE STANLEY AND USE IT AS A BASE OF OPERATIONS.

THE GERMAN ADMIRAL DID NOT KNOW, UNTIL TOO LATE, THAT A POWERFUL BRITISH SQUADRON AWAITED HIM. AFTER CORONEL LORD FISHER, HEAD OF THE BRITISH ADMIRALTY, HAD SENT ADMIRAL STURDEE ACROSS THE ATLANTIC TO CRUSH VON SPEE. STURDEE HAD REACHED STANLEY JUST IN TIME WITH THE MIGHTY BATTLE-CRUISERS "INVINCIBLE" AND "INDEFATIGABLE" AND FOUR LIGHTER CRUISERS.

AS VON SPEE APPROACHED, MANY COLUMNS OF SMOKE WARNED HIM THAT A LARGE ENEMY FLEET WAS LYING IN THE LAND-LOCKED HARBOR. FEARING A TRAP, THE GERMAN TURNED AND RACED FOR THE OPEN SEA. STURDEE'S SQUADRON HAD BEEN PREPARED FOR INSTANT ACTION, AND SET OUT IN PURSUIT AT FULL SPEED.

STEADILY THE BRITISH OVERHAULED THE FLYING GERMAN AND, COMING WITHIN RANGE, POUNDED THEM WITH DEADLY ACCURACY. ONE BY ONE, FOUR GERMAN CRUISERS—THE "GNEISENAU", "SCHARNHORST", "LEIPSIG" AND "NURNBERG"—WERE SENT TO THE BOTTOM. THE FIFTH, THE "DRESDEN", MADE HER ESCAPE TO A NEUTRAL PORT. STURDEE HAD TAKEN AN AMPLE REVENGE FOR CORONEL.

Seventh Ward Boy
At Landing Field

Employed As Field Mechanic At
The P. R. R. Landing Field,
Kingman, Ariz.

The many friends of Paul Klingensmith, the son of W. J. Klingensmith of 521 North Cedar street, well known E. & O. Engineer, will be pleased to learn of his success in landing a position on the new transcontinental airplane service, which is to be inaugurated in a few days by the Pennsylvania Railroad in connection with its railroad service.

Paul Klingensmith has been located for the past thirty days at the Kingman, Arizona, landing field of the T. A. T., or Transcontinental Air Transportation as the air service corporation of the Pennsylvania railroad is known. This is the last of the four landing stations of the route before arriving at Los Angeles, Cal., the destination of the route.

He is employed there as a field mechanic and his special duty will be to render special service to all ships of the air service, that stop there. He is expected to have the plane in operation in sixteen minutes after landing on the field in need of repairs. Previous to his appointment to this position, he spent sometime preparing for this work at Hartford, Conn. He was an automobile mechanic previous to taking up this work.

In a recent letter to his father, he sends some interesting pictures of the landing field and equipment, including a radio tower. Lindbergh will fly the first ship of the service east starting from Los Angeles, Cal., on July 8. He is at present flying the route to determine all about it. Mr. Klingensmith is but twenty-one years of age and stands an excellent chance of rapid advancement.

AT E. LIVERPOOL
Rev. and Mrs. D. C. Schnebly of Newell avenue are at E. Liverpool today where Rev. Schnebly is officiating at the wedding of their cousin, Miss Madora Frederick.

Europe Dotted With
Dry U. S. Embassies

Tea And Coffee Served By Envoy In Berlin; Denmark
Legation Banned Liquor Two Years Ago.

LONDON, June 29.—The American embassy in London now "dry" in accordance with the decision of Ambassador Dawes is not the only "dry" spot in the American diplomatic service.

No spirits have been served in the American legation in Denmark for two years.

The embassy in Berlin is officially dry and only tea and coffee were served at the "house warming" tea in April the only official entertainment held in the new building.

The situation however is not comparable to that in London because the embassy building houses only the chancery and not the ambassador's residence. Consequently there is little entertaining there.

Lives In Private Quarters.

Since his arrival, Ambassador Schurmann always has lived in private quarters at his own expense. In

official dinners of the past the ambassador followed the European custom of serving the usual wine courses. The American embassy in Paris has been closed since the death of Ambassador Myron T. Herrick. No liquor ever is served in the diplomatic chancery which is the only part of the embassy now functioning.

The American minister at Oslo is a total abstainer and the question of serving alcoholic beverages or of following the example of Ambassador Dawes has not arisen there.

The embassy at Madrid said that no change had been ordered regarding the character of the refreshments that may be served there while the embassy in Rome had no comment to make on Ambassador Dawes' action.

So far as could be ascertained none of the American embassies in south-eastern Europe and the Balkans has yet followed the Dawes example.

Daily Vacation

Believed Slayer
Has Skipped Bail

CLARKSBURG, W. Va., June 29.—John Male of Spelter, a chemical worker, who is under sentence of 10 years to the state penitentiary at Moundsville for slaying Frederick Soles, a fellow workman, is believed to be a fugitive.

Under bond of \$5,000 to appear here at the first day of the June term of criminal court, Male's failure to comply with the order has aroused suspicion and his bondsman, Frank Abbruzzino, of Shinton, who has asked for court action in the case, is on a hunt for him now. Male is believed to have gone to another state.

Hunts Brother 40
Years, Finds Him,
And Then Dies

CHARLESTON, Pa., June 29.—Reunited with her brother after a separation of two score years, Mrs. Flomeno Fruscello, 60, of Syracuse, N. Y., was dead today. A heart attack, ascribed by doctors to shock, caused death.

For 40 years she had sought her brother, Dominick Citiello, 63, who left their home in Italy in 1889. Last week with the aid of post office inspectors she learned that Citiello resided in Fayette City, Pa.

Mrs. Fruscello arrived at her brother's home yesterday. The joyous reunion was short lived, for death intervened.

Sixth Drowning
In Beaver County

MONACA, Pa., June 29.—Drowned in the Ohio river last night when he stepped in a sand hole while bathing near the borough pumping station, Vincent Figuera Jr., 11, was the sixth victim by drowning in Beaver county this summer. The body was recovered by firemen. Efforts at resuscitation failed.

William Smith, 10, of New Brighton, companion of Figuera, made frantic efforts to rescue the boy and gave the alarm.

NOTICE to
PROPERTY OWNERS

On or about July 15th, A. D., 1929, the City of New Castle will commence a complete inspection of all roof water spouts to determine whether or not any roof water is being discharged into the sanitary sewer system, the inspectors to have letters of identification and full authority to enter upon any property at reasonable times and to make such inspection as shall be necessary to determine whether any roof water or any other water on the premises is being unlawfully discharged into the sanitary sewer. All property owners and tenants are requested to lend such assistance as they can to these inspectors.

All property owners and tenants are hereby notified that it is unlawful to discharge any roof water or surface water into any sanitary sewer or to permit any such to enter any sanitary sewer, and all property owners and tenants who are now permitting any roof or surface water to enter any sanitary sewer are hereby notified to make provision at once to have the same discharged into a storm sewer or to the gutter of the street in front of their property.

All such persons who shall fail to make such provision for roof and surface water shall be prosecuted.

Property owners and tenants are further notified that all roof and surface water discharged into the sanitary sewer system of the City of New Castle or leaking into the said system has been declared to be and is a public nuisance and, where found, will be removed and abated by the City of New Castle immediately at the cost and expense of the property owner.

Property owners and tenants are further notified that to permit roof or surface water to enter into the sanitary sewer system is a violation of a City ordinance and subjects the property owner and the tenant both to prosecution.

Property owners and tenants are hereby notified that the City of New Castle proposes to prosecute and enforce every act, law and ordinance designed to prevent the discharge of roof and surface water into the sanitary sewer system of the said City.

F. F. MILLER,
City Engineer.

By Order of the Council.

Foster's Weather Forecast

WASHINGTON, June 29.—Storm wave of moderate intensity, expected to cross continent during week centering on June 29, will be expected to cause above normal temperatures and precipitation to be general over the continent; while the storm center will not be expected to travel into the southern states, it will be expected to cause local storms of moderate force and small areas of rather heavy precipitation to be general in the cotton belt; this storm period is expected to be the advance agent of a twenty day period of more than usual storm force and, following storm center, a short period of lower than usual temperatures will be expected west of Rockies.

The average July is a month of small temperature fluctuations and few storms; during the average July, few storms originate in or move across cotton belt, and temperature extremes are fifty per cent. greater in southern Canada than in southern United States. Bigelow, in his summary of severe storms, expected to cross continent during week centering on 3, will be followed by a sharp drop in average temperatures, of short duration, that will probably bring unusually low temperatures to Pacific slope. Severe storms centering on 14, mild storms 7, 20 and 28. Average temperature of the month will be a little below normal for the continent; lowest temperatures, relative to local normals, will be expected along Atlantic and Pacific coasts; most heat during last half of month; most precipitation and lowest extremes of temperatures during first half of month. Any material damage from storm force or excessive precipitation will be expected to occur during first fifteen or last three days of month. Period 17 to 28 inclusive, will be the best for outdoor work and motor trips; most of these days will be above normal temperatures, however, better weather to spend a vacation in the north than in the south. Highest temperatures of July will be expected to center near 20 and 27.

July Cropweather Features.

Relative to local normals and in comparison with June, precipitation will be expected to increase over the entire continent during July and be above normal as an average of the continent for the month. Greatest increase will be expected in eastern Great Central valley from southern half of eastern Prairie provinces to the Gulf. Above normal precipitation on central and northern Pacific slope. Severe storms, expected to cross continent during week centering on 3, will be followed by a sharp drop in average temperatures, of short duration, that will probably bring unusually low temperatures to Pacific slope. Severe storms centering on 14, mild storms 7, 20 and 28. Average temperature of the month will be a little below normal for the continent; lowest temperatures, relative to local normals, will be expected along Atlantic and Pacific coasts; most heat during last half of month; most precipitation and lowest extremes of temperatures during first half of month. Any material damage from storm force or excessive precipitation will be expected to occur during first fifteen or last three days of month. Period 17 to 28 inclusive, will be the best for outdoor work and motor trips; most of these days will be above normal temperatures, however, better weather to spend a vacation in the north than in the south. Highest temperatures of July will be expected to center near 20 and 27.

ANNUAL SESSIONS BROUGHT TO CLOSE

International News Service.
BEDFORD SPRINGS, Pa., June 29.—Bedford J. Meyers, of Lancaster, will head the Pennsylvania Bar Association for the coming year, as a result of the election of officers preceding the close of the annual meeting here last night.

Meyers succeeds former United States Senator George Wharton Pepper.

Harold B. Beiler, Philadelphia, was chosen secretary and the Fidelity Philadelphia Trust Company was made treasurer by the 500 lawyers and judges from all parts of Pennsylvania, attending the meeting.

A vice-president and an executive committee member from each of the eight districts of the state were named. They included third zone, sixth district, Henry A. Gittman, Fayette, and R. H. Meloy, Washington; seventh district, John L. Nesbit, Venango, and H. H. Rimer, Clarion; eighth district, W. I. Woodcock, Blair, and Edward J. Thompson, Centre.

Establishment of the permanent judicial conference, resolutions to ask placing of court procedure in the hands of the supreme court, and general decision of delegates to shorten and simplify court procedure in a drive against crime were regarded by delegates as the outstanding accomplishments of the meeting of the association.

Today judges and attorneys had returned to their homes, to work out plans intended to make Pennsylvania justice known as quick and accurate, devoid of red tape and freed of legal loopholes as much as possible.

It's a hard commentary on the past when men sigh with relief because a President acts as sensibly as any other business man would.

Kennedy Sentenced On Three Charges

Given Fines And Six Months To
County Jail At Session Of
Court Today

William T. Kennedy, who was convicted of embezzlement by a grand jury, was sentenced at a short session of court held by Judges Hildebrand and Chambers this morning, to pay a fine of \$25 and costs and to undergo imprisonment in the county jail for six months.

The conviction was on charges brought by Mrs. Mary B. McKee, who had given Kennedy money to invest for her. Kennedy claimed that the money was a gift for services. Restoration of the amount alleged to have been lost was made.

There was also a charge of driving while intoxicated and one of possessing liquor against Kennedy. On the former he was sentenced to pay \$200 and costs and three months to jail and on the latter \$100 and costs and three months to jail. All sentences are to run concurrently, so that the actual time to be served in jail is six months.

Merchants Plan Better Lighting

Some 75 Business Houses
Represented At Meeting
With Officials

BUSINESS MEN TO FURTHER MOVEMENT

Seventy-five business houses of New Castle were represented at the meeting of the Better Business Bureau, which occurred Friday evening in the Danceland auditorium on Neshannock avenue. Mayor W. H. Gillespie and members of city council also attended.

The meeting was called primarily for a discussion of better lighting for the downtown business zones and especially Washington street.

Emanuel Shenkan, president of the bureau, called the meeting to order and L. B. Round of the electric company was asked to explain the present lighting system used.

Cost Not Excessive
Mr. Round stated that for three or four thousand dollars a year the lighting on Washington street alone could be quadrupled. He also explained the necessary changes which would have to be made for a better lighting system in the business district.

He stated, too, that the lighting in the residential districts here was the best that could be found, but that it was the consensus of opinion that the business zones were very poorly lighted, though improvements had been made recently.

Councilman D. O. Davies then took the floor and stated that illumination in the city had been tripled in the past four years at an excess cost of only one-third. He said that he for one was in favor of better lighting and that he, as the member in charge of it, had planned extension in this line. However, complaints were so numerous concerning taxes necessary for improvements that any movement had been dropped for the present.

Councilman Clayton Reeves spoke concerning the plan and stated that he was also in favor of better lighting in the business zone.

Mayor W. H. Gillespie stated that there was no question as to the need of the lighting and of the benefits which would be derived. He said that perhaps other streets should be lighted prior to making further illumination on avenues already fairly lighted.

David Long stated that if the cost would be but three or four thousand dollars a year in addition to quadrupling the lighting, he thought that the plan should be easily carried out. At the call of Chairman Shenkan he moved that the chairman appoint a committee of three or five, as he deemed fit, to further the investigation and to take the matter up more fully with the city authorities.

Mr. Shenkan explained what the bureau was trying to do to eliminate unscrupulous competition and told of some of the other work which the business bureau were doing and planning.

John Higgins brought up the matter of daylight savings time and there was considerable discussion as to its effect upon the merchants.

About 10 o'clock the meeting was turned into a social hour and there were cats, lemonade, stories and what not served in buffet style, with Jim Cole, Ray Hall, George Fox and Jim Connery acting as chiefs.

Music during the social hour was furnished by a concert band of 20 pieces, directed by Anthony Basile.

John Higgins brought up the matter of daylight savings time and there was considerable discussion as to its effect upon the merchants.

NEW OFFICERS TAKE UP WORK

New Salvation Army Officers
Arrive In City And Assume Charge

ENSIGN V. THOMSEN

Ensign and Mrs. V. Thomsen and their assistant, Captain C. L. Smith, arrived in the city yesterday to take charge of the local work, succeeding Adj. Edward Parkins, who went to Kane, Pa.

Besides having had charge of the work in Kane, Ensign Thomsen has had experience in larger cities, having for six years worked in the special efforts department in Pittsburgh, Pennsylvania.

Previous to that he worked in Boston and Portland, Me., headquarters and comes to this city well recommended. Mrs. Thomsen has a very great experience in girl's and women's work, as for 15 years she worked in the women's social service department in Buffalo, Philadelphia, Cleveland, Charlotte, S. C. and cities in the state of Michigan. She is a graduate nurse and a member of the Pennsylvania State Nurses' association, having graduated from the Booth Memorial hospital in Covington, Ky., where a large hospital is operated by the Salvation Army.

Captain C. L. Smith is a younger officer of the organization and has worked in Bradock, Monessen, Sharon, DuBois, Erie and Kane. He is a splendid preacher, coming from a family where three brothers are working in the clergy profession.

In an interview this morning Ensign V. Thomsen said that he hoped to be of such a service to New Castle. The ensign has several times before visited New Castle and knows the disadvantage of not having a permanent home as the army has in Youngstown, Sharon, Greenville, Beaver Falls and many of the neighboring towns.

TWO HUNDRED AT MISSION OUTING

Entertained At Lakewood Beach
On Friday; Many Assist

Friday will long be remembered by some two hundred and more children who were guests of the City Rescue mission and John Rung at an all-day outing at Lakewood beach, yesterday. It was the mission's outing for the children of its Sunday school and sewing classes.

The grounds and tables were gladly donated by Mr. Rung, the proprietor and the Mission board appreciates his thoughtfulness so plainly manifested yesterday.

The children were taken to and from the pleasure resort via automobile and trucks donated by certain individuals and various concerns. Cars were left the city at 9:30 in the morning and returned the delighted boys and girls about six in the evening.

A sumptuous dinner was served at noon with Mrs. Frank Seaboard in charge. F. W. Lloyd asked grace.

Following the dinner came a program of sports conducted by the Rev. F. A. Childs, pastor of the Emmanuel Baptist church of this city. Prizes were given the winners of the different contests.

The ice cream, cream and coffee and other provisions were kindly donated by individual friends of the mission and New Castle Arms. The board also wishes to thank them for their part in making the outing possible.

Superintendent B. J. Watkins was general chairman for the day and he wishes to thank all who gave of their time in order to serve the children during the day.

A professor urges college boys to be snobs, but Alas! If they are above bunning rides in flivvers, some of them must walk.

WINGED FOOT GOLF CLUB.
MAMARONECK, N. Y., June 29.—Five possible probabilities and not more than three probable possibilities were all that was left of a once great field this morning as the national open golf championship of 1929 prepared to go into the final stages of its delirium, assured of the fact that competitive chaos was to burst right in its face within a period of fifty minutes between the hours of nine and ten o'clock. Gettysburg and its bloody angle were only a grocer's outing compared to the repressor's fate of execution that this hour will witness.

Tommy Armour, open champion two years ago, will have the first tee at 9:05 o'clock. He is three strokes behind the pack. At 9:15 Al Espinosa will follow. He is co-leader at 142 strokes entering the last two rounds of the championship. Next away at 9:25 will be Leo Diegel, six strokes behind the leaders. He is followed at 9:40 by Gene Sarazen, another champion who is tied with Espinosa in the honor position.

Not Jones Weather.

Finally, at 10:40 the great Jones himself will fare forth in one of the noteworthy efforts of his career, an attempt to run down the two leaders a pair of strokes in the overnight returns. Most of the possible probabilities and the probable possibilities for the title are found among those listed.

An exception of note is Densmore Shute, who entered the 36-hole final day tied with Jones at 144 strokes. Another is George Von Elm, who, at that, was pretty far back at 140. However, 70 such as he shot in the flood and gale of yesterday afternoon might very well leave him in a position where he ceased to be the pursuer and became the pursued.

One might as well concede, however, that this is much more likely to happen to Jones, because not only is he the super-medalist of the ages but likewise the strokes beyond Von Elm before they start.

Storm Breaks.

The two leaders, Sarazen and Espinosa, got the break of a lifetime here in being timed away from the club house and back long before the storm broke in all its fury. Still, when it did break, it broke alike on the good and the bad and some of the former were better than others. Von Elm, with a 35 to the turn, played better golf in the rowdy elements than he did after they ceased. Armour, with his 71, started late and, therefore, escaped the worst of the storm. But it wasn't scoring weather for any of them, including Jones. Shute, Armour, Diegel, Leonard Schmitt and Von Elm.

These, with the two leaders of course, remained as the only contenders with other than a vestige of a title chance. The stretch-run thru the final eighteen holes was to feature Sarazen and Jones, in all probability, for their was the temperament best suited for the pressure of the last drive.

Hagen, the British open monopolist, was hopelessly distanced at 157. Johnny Farrell, 1928 champion, was eliminated altogether. Horton and Mac Smith can hope that they can come fast enough to finish in the first six. So it went. Of a once great field, there remained only five possible probabilities and one of them was named Jones and another Sarazen. They ought to make the fight just as they did in Sarazen's great year at Skokie in 1922.

Three Teams Tied For Church Leadership As Season First-Half Ends

A three-team tie for first place exists in the New Castle Church Baseball League. The first-half of the season has been completed. The First Methodists, First Christians and First Congregationalists are the teams deadlocked with eleven victories and five defeats apiece.

A series will have to be played to determine the champions of the first-half. It is suggested that the officials choose two teams for a game, with the third team meeting the winner.

The Central Presbyterians finished in second place with ten victories and six defeats. The Croton team and Wesley M. E. tied for third with nine and seven. The Central Christians had seven and nine. The Mahoning M. E. and First Baptists were the weak sisters with two wins and fourteen losses apiece.

Following is the standing for the first-half which concluded on Friday night after a week in which the teams played postponed games, tied games, and protested games.

First Methodists 11 5 .687
First Christians 11 5 .687
Congregationalists 11 5 .687
Cen. Presbyterians 10 6 .625
Croton M. E. 9 7 .562
Wesley M. E. 9 7 .562
Cen. Christians 7 9 .437
Mahoning M. E. 7 9 .437
First Baptists 2 14 .125

Christians Upset Congregationalists

The First Christians defeated the Congregationalists 16 to 3, in a game played in the New Castle Church League, at the Clifton Flats field on Thursday evening. Sheets on the hill for the Christians was the master of the Congregational throughout the entire seven inning game. Bentley, R. Ryan, Patton and Sheets made lots of noise with their bats.

Strange As It May Seem

Five years ago Max Schmeling had a dream that he was going to be world's heavyweight champion. He was working in the coal mines at the time so he dropped his pick and got himself a pair of boxing gloves. He was fighting over since. Minneapolis in 1895, then a member of the old Western league, cracked out 218 home runs. And the rabbit ball wasn't in existence in those old days either. Miller Huggins holds a world's baseball record. He made it while playing second base for St. Paul. On Sept. 17, 1902, Miller accepted 19 chances. The original Jack Dempsey, known as the Non-pareil, fought 62 fights in six years without losing a one. He died just 34 years ago. Edmund Lamy on Jan. 30, 1913, jumped 25 feet seven inches, on ice at Saranac Lake, N. Y. A. Cutler, of Louisville, Ky., pulled his body up by his little finger six times. This great sporting event occurred on Sept. 18, 1878. Frank Marlow, New York night club owner, slain on Long Island, is reported to have won \$900,000 in a season betting on the ponies.

Shields Hurls Three-Hit Game, Italians Win

Italian A. A. Comes Through With 10 To 3 Victory Over Slovak A. C. Team

Johnny Shields had the Slovaks eating out of his hand last night, in a Lawrence County League game, at Centennial Field. The Italian A. A. walloped the Slovaks 10 to 3. Shields gave but three hits, and had nine strikeouts to his credit. The Italians extended their winning streak to nine games.

Except for the third inning when the Slovaks bunched three hits to score three runs, the Italians mound ace would have had a perfect game. In five of the seven frames only three men faced Shields.

The heavy hitting of Fahey, General and Shields featured for the winners. The Italians had three big innings, the first, third and fourth when they tallied all of their ten runs.

G. Mahalic and A. Mahalic had the mound for the Slovaks and were found for twelve hits. Diffley was a fielding star for the Italians, his work behind the bat being gilt-edged.

Hillsville Will Meet Italians On Monday Evening

Slovak A. C. Will Travel To Bessemer For Lawrence County League Game

The Italian A. A. team will try and extend their winning streak to ten straight games on Monday night, at Centennial Field, when they stack bats with the Hillsville team, in a regularly scheduled Lawrence County League game. The game is called for 8:30 o'clock daylight saving time.

The Hillsville team is much strengthened for the second-half with the addition of Begon and Kaufman formerly with the P. E. R. team. Hillsville has also signed up Costella former catcher for the 1928 championship Ryantown team.

The Slovak A. C. will up to Bessemer for the only other league game on tap for Monday night.

Bessemer Claims Game By Forfeit

The Bessemer team notified the Lawrence County League commissioners today that the P. E. R. team had failed to show up for a scheduled game with the Bessemer team last night at the Bessemer field.

The umpires, after waiting for an hour for the Penny team to show up, awarded the game to the Bessemer team. Manager McCloskey of the league leading Penny team is asked to get in touch with the commissioners and offer an explanation.

PIRATES LOSE TOP POSITION IN NATIONAL

PITTSBURGH, June 29.—The Pirates dropped from first place in the National League yesterday when Cincinnati won 10 to 3. Lucas plieded for the Reds while Brame, Petty and French tried to stop the Reds. The game was a heavy-hitting affair, 26 having been registered. P. Waner and Traynor smashed out home runs. Their home runs came in the eighth. Brickell was on the path ahead of Paul Waner and he scored. Had it not been for the blow the Pirates might have suffered a shutout. The box score:

An All-Time Catcher

By QUIN HALL
Look at the hands of the average big league catcher, and you'll find most of his fingers gnarled and discolored. Examine the mitts of Cy Perkins, veteran backstop of the Philadelphia Athletics, and you will notice that they are still almost perfect in construction. But follow him to the club house after a game. Watch him kick off his shoes and peel off his socks and you will find that each toe on both feet is twisted out of shape!

After twelve years' campaigning, Cy probably has more gnarled toes and less gnarled fingers than any catcher under the big sun. Cy had his toes bugged up during the early days of his career through foul tips and wild pitches.

During his service in the major leagues Cy has handled some of the best twirlers. Perkins now declares that he never knew what easy catching was until he started in to handle Jack Quinn, aged stipend artist of the Athletics, next to perfect, this counting in part for the softness of the catching assignment while Quinn is on the mound.

Just before the Athletics acquired Cochrane, the veteran Perkins was nursing an ambition to lead all catchers in the number of games played. But Cy gave up that idea two months after Cochrane joined the club. He decided to give up in favor of the youngster who last year was voted the most valuable player in the American League.

Even as it is, Cy is one of the few catchers who can boast of having caught more than 1,200 games. Ray Schalk, formerly of the White Sox, holds the world's record in this respect, with a total of 1,720 games caught.

Perkins taught Cochrane a lot about backstopping. They are still buddies and roommates. Connie Mack says that, in many respects, there is no catcher in the business superior to Perkins. Cochrane has the greater speed, but, if anything happens to him, Cy can jump in and even if he has been out for a month and keep a pitcher going as well as his younger rival.

Thus the A's seem well fortified in the receiving department.

Dempsey Willing To Meet Schmeling For Championship

Ex-Champion Says That Madison Square Garden Officials Have Offered Him Bout

(International News Service)
NEW YORK, June 29.—Jack Dempsey declared here Friday that he would return to the ring for a fight with Max Schmeling for the heavyweight championship of the world.

"I have not signed yet for the match, but the promoters at Madison Square Garden want me to fight," said Dempsey. "The details will be fixed up shortly."

BASS SEASON OPENS MONDAY

Every fish that swims in Pennsylvania waters will be legal quarry for the angler Monday. The trout season has been in since mid-April but July is the fishermen's month for black bass, muskellunge, pike, pickerel and the season will last until the end of November. Trout will pass out with July.

According to State Fish Commissioner N. R. Butler, "bass are plentiful." He says this is assured as the state has been carrying on a stocking policy and streams which have been fished out have been replenished.

Many local fishing expeditions are now being organized and Sunday night many fishermen will get away to be ready Monday.

To attract skilled workers, of which there is a scarcity in the Netherlands, manufacturers are developing attractive residential parks near their plants.

Wesley M. E. Wins From Methodists

The Wesley M. E. with Rich hurling a one-hit game dashed the First Methodists last night at Scotland Lane field by a score of 5 to 2. The Methodists could not solve the baffling curves dished up by the clever Reen. Shoaf had the only hit for the losers. The Wesley team had two big innings the first and third when they tallied their five runs. The game was rather loose in spots with five errors being chalked up.

Honkonen on the knoll for the losers was topped up for nine hits, including two doubles.

Five-Day Working Week Adopted By Building Trades

All Building Trades In Pittsburgh Will Operate Under Five-Day-Week Plan

(Pittsburgh News Service) PITTSBURGH, June 29.—The five-day working week today had been extended to practically all building trades in Pittsburgh.

Contracts affecting 13,000 men from fifteen trades, were signed by the Pittsburgh Building Trades Council and the Building Trades Department of the American Federation of Labor last April.

The agreement will mean no loss in wages. The five-day week, instead of the five-and-a-half day week, had been in effect for six trades for some time. The plasterers and lathers had been working under such an agreement for three years. Electricians had had it for a year and bricklayers, stone-masons and stonemasons since January 1.

The Building Trades council, under the agreement, promised not to ask wage increases until the expiration of present contracts. Most of the contracts were renewed June 1. Next Saturday will be the first holiday for building trades workers under the agreement.

Lone Sheriff Is Hero As Miners Attack Workers

Single-Handed Sheriff Disperses Crowd Of 2,000 Beating Non-Union Men

(International News Service) NEW PORT, Ind., June 29.—"No need for State troops; I've got the situation well in hand."

Thus did Harry Newland, Doughty sheriff of Vermillion county, today quell moves to bring militia to quell rioting in the Bono mine region, fourteen miles southwest of here.

Single-handed, the middle-aged officer late yesterday dispersed a surging mob of 2,000 coal miners surrounding forty battered and bleeding non-union workers. His timely arrival probably prevented scenes such as were enacted in the Herrin, Ill., massacre of 1922.

Forecasting a grand jury investigation, the sheriff today said affidavits by injured men will be filed in the circuit court against a number of the rioters.

Youngster Dead, Victim Of Bullet Companion Absolved

Elkins Youth Ten Years Old Is Killed By His Companion Aged Fourteen

(International News Service) ELKIN, W. Va., June 29.—Robert Gimore, 10, who shot to death his playmate, William Monto, 14, last night, today was absolved of all blame for the accident.

Young Gimore was playing with the gun, a rifle, when it was in some way discharged, the shot instantly killing his playmate, police found.

Cleveland Fliers Seeking Record

Pair Of Cleveland Fliers Take-off Friday Night For Endurance Mark

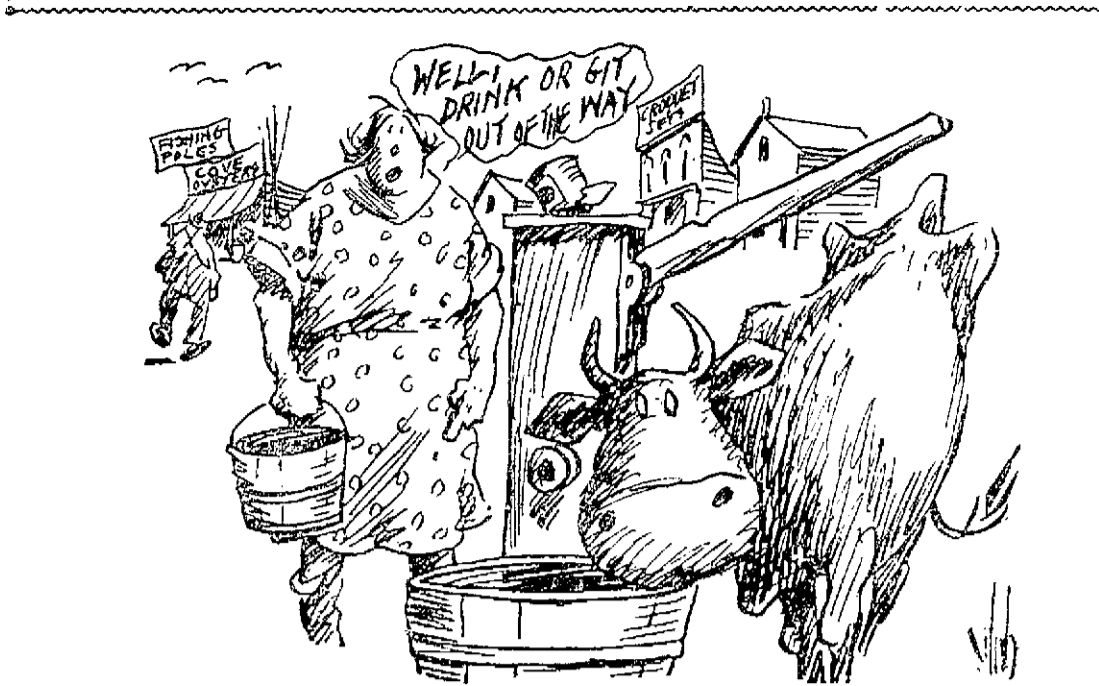

(International News Service) CLEVELAND, O., June 29.—First refueling of the Stinson-Detroit monoplane, "City of Cleveland," in which pilots Byron Newcomb and Roy Mitchell are trying to set a new endurance record, took place over Cleveland airport at 7 a. m. today.

Newcomb and Mitchell took off at 6:38:51 p. m. last night. If the existing record, set recently in Port Work, Texas, by Reginald Robbins and James Kelly, is broken, Newcomb and Mitchell must remain aloft until 11:10:21 p. m. next Friday.

ABE MARTIN On Backward Towns

THERE'S NO EXCUSE FER GIVIN' A COW THE KEYS TO A TOWN

"There's this much in environment," declared Tell Binkley last evening at a big civic meeting, "folks that are born an' allowed to mature in ole back number, hickin' rack, brown sugar towns will be just like the towns. There's no alibi these times for any town not bein' clean, an' nifty an' painted up. The character an' makeup of a town's population is reflected at once by the town's appearance, its mud puddles, prune barrels, an' resturint coffee. Let me see a row o' hickin' racks an' a slipper elm liberty pole an' I'll show you a postmaster with chin whiskers an' a huntin' case watch. Show me an ole hickin' moss-covered court-house with a popcorn machine in the hall an' I'll show you a judge that chews scrap tobacco an' wears congealed gutters. Show me a squeaky, germ-bredin' town pump with a long iron handle an' a sawed-in-two vinegar barrel fer cows an' horses to drink from an' I'll introduce you to a constable that kin hit a cuspidor at ten paces. Show me a brick side-walk an' I'll show you a town full o' buck-kneed girls. Show me a display o' croquet sets an' I'll show you a preacher with celluloid cuffs an' seabeam cuff buttons. Show me a tubful o' unprotected dried apples an' I'll show you a cemetery full o' iron weeds an' locust trees. Show me an ole wooden awnin' an' I'll show you a woman in a loose wrapper an' bare feet, crossin' the street through the dust carryin' a bowl o' float. Show me a whitened-up bench in front o' the postoffice an' I'll show you enough whiskers to upholster a bus. There's no excuse fer a country town aittin' full o' yeller butterflies an' stayin' in a rut. It all comes from one generation followin' right in the ruts o' the precedin' one. So you or I, or any o' us, one o' two good, young, clean-shaven hustlers could soon dole a town up, crain the public square, trim the trees, paint up the store fronts, organize an orchestra, an' discourage whiskers an' bare feet. A town don't have to have a lot o' factories, or depend on boundless agricultural possibilities. There's no good excuse fer displayin' twinbushers an' cows on the sidewalks. Cows should know their limitations, an' women

NEW YORK, June 29.—It looks as if Grand Opera were going "union."

With the example before them of what effective organization has done for men and women of the legitimate stage, and is trying to do for screen players, fifty grand opera warblers met quietly the other night in a Broadway studio to organize the American Opera Shakers' Association.

The situation is not without its possibilities. Should Little Bori, some night, strike a high C above the soprano of the Ritz Jolson, a tempo, or a tempo, zephyr, may be wafted through the face fringe of the Giffed Gatti. Or, at a matinee, should Scotti growl out a deeper D than that of Amato, there's every probability of the barber's claque bolting the gallery in a body.

Well, it was only 16 years ago that 112 actors met in Mike Hall in the Past Grand Circle (now shared by Christopher Columbus and Willie Hearst) to organize—let's see, what was it? Oh, yes. The Actors' Equity Association.

As Dave Warfield used to remark in the old Weber and Fields days: "He laffs laffs who laffs laffs."

WELL, BARBERING IS AN ART. Two years ago in 44th street, east of Broadway, was built the Mayfair theater. It was intended by its creators, as an answer to the Aesthet's Prayer—a plush lined, dude-inhabited temple of the draymuh, designed for and dedicated to the Arty. It was to be the New York

OH, JIMMY!

The Citizens' Union, an organization of earnest leaders with rubberstamped spectacles, whose chief function for years has been to tell Tammany how New York really should be governed, broke into print the other day with a red-hot, stizzling and sassy review of Mayor Walker's three and a half year incumbency.

When asked if he had any reply to make to the criticism, Lord Jim replied with a smile of maddening clarity that he hadn't seen the report.

He was probably the only one in town who missed it; but that's all right when you know Jimmy.

A year or more ago on his trip abroad, after a journey across southern Europe into France, he was asked what he thought of the Alps.

"The Alps?" said Jim. "I never saw them!"

Barnyard Court Decides Novel Case

LACKAWANA, N. Y., June 29.—Two women appeared in court here to claim possession of a goose, and it was only by a unique decision that the claim was properly settled.

The goose was taken first to one home and allowed to walk in the yard. Here the goose seemed at a loss. Shortly after it was carried to the second home and left alone. It strayed in a coop in the yard and honked away merrily. The court decided to award the fowl to the second woman.

NO KINGDOM FOR A HORSE FOR HIM

General James G. Harbord, president of the Radio Corporation of America, former chief of staff of the United States army, was reared on a farm in Kansas. He had to ride horseback so much as a young man that he swore if he ever got free of the farm he would not look at a horse as long as he lived.

Swapping the farm for the army he was assigned to the cavalry and in the ensuing years swore that if he ever should himself free of Uncle Sam's uniform he would not look at a horse as long as he lived.

Now that he head of the R. C. A. and doesn't have to look at a horse if he doesn't want to, what happens? Come winter, come summer, the general is up at six o'clock every morning and out on the Central Park bridle path astride a charger. Says
